Linnea's Lights Introduces the Holiday Collection

Luxuriate this winter in the finest scents of the season.

Linnea's Lights candles combine natural soy wax, lead-free cotton candle wicks, pure essences and fine fragrances to create clean burning, perfectly scented and highly aromatic candles. Each candle is triple scented so the subtle fragrance keeps throughout the entire burn.

Just in time for the holidays, Linnea's Lights has added three new, limited edition aromas to their line of natural soy wax candles. Warm your home with the classic, ambrosial fragrances of the season:

Fir

Spend your winter nights tucked beside the glow of this crisp, evergreen scent; a traditional holiday favorite.

Pomander

Allow this rich blend of orange, clove and winter spices to tickle and intoxicate your palette.

Winter

This sweet twist of spruce, mint and hints of cinnamon and cranberry will transport your senses to a snowy wonderland.

All of the expertly handcrafted candles are meticulously hand-poured in small batches and tested for quality assurance. Each signature double wicked glass candle provides over 60 hours of illumination and is mindfully packaged in recycled materials, printed with soy inks and hand stamped for the ultimate gift for someone or yourself. Personalize if you wish, and matchboxes are always included!

The Holiday Collection candles set a perfect ambiance for your holiday celebrations. Each 9 oz. candle is \$28.
